Dear Appalachian Power,

Thank you so much for sponsoring the **Appalachian Power School Energy Efficiency Kits program** for our 5th-grade class! We had a wonderful time learning about energy, electricity, and how we can help protect our planet.

Thanks to your generous support, we learned so many cool things! Some of our favorite parts of the program were _____.

We also learned how important it is to save energy every day. Our class is already working hard to _____ at school and to _____ at home.

Thank you again for investing in our school and helping us become smart energy savers. Your support made a big spark in our learning!

Sincerely,
