Welcome to
THE XCEL ENERGY INNOVATION PROGRAM!

Xcel Energy supports teachers in educating students on required energy standards. The FREE program is implemented at your convenience to offer a presentation and free high quality educational materials.

- Enviromental studies, science, geography and other teachers may **earn an educational award, of up to $100**, subject to eligibility.
- Presentation: in-person or digital
- Every student receives an *Innovation Kit* of energy-efficient devices
- Program correlated to both national and state content standards

Email Lia@nef1.org to register

Kits include:

- Showerhead
- Faucet aerator
- Advanced power strip
- LED bulbs
- Night lights

National Energy Foundation
