

VALUABLE ENERGY AND SAFETY EDUCATION

for schools
served by
Delaware Electric
Cooperative (DEC)

DEC is supporting teachers in educating students on required energy and safety standards. The Energy Safe Kids (ESK) program will take place at schools in your area **AT NO COST!**

- In school presentation (45 minutes)
- Every student receives an *Electric Safety Challenge* booklet
- Program correlated to state, NGSS and Common Core Standards
- Easy implementation with online data collection
- Teachers may receive a \$50 mini-grant, subject to eligibility
- Fourth grade
- April

Teachers strongly support this program:

"Fun, informative, and highly valuable information!"

"It is very informative and student-friendly. Good information to supplement our teaching."
